Sale Of Tickets To Frosh-Soph Dance Booming

Entertainment Is To Include a Magician; Door Prize Is Secret

The tickets for the Frosh-Soph Dance are going fast, according to an announcement by John L. Hull, chairman of the dance committee. If the present pace continues it will be necessary to curtail the sales shortly. However, until supplies are exhausted the tickets will remain on sale in the Lobby of Building 10. The price of the tickets will be \$3.50, tax included.

The keynote of the affair, which is the last big prom of the school year, and perhaps for a longer time, will be informality and fun. As was announced, the setting will be in the ballroom on the second floor of the Bradford Hotel, which is perfectly suited for the affair.

"Doggie" Door Prize

The committee announces that there will be a "doggie" door prize. What this is exactly is difficult to say and the committee would give no further elucidation than that it was "doggie". There will also be some added entertainment. Harrison, the magician who has appeared in several Boston night clubs and the Parker House, will be the main performer and also the M.C. for the other entertainers. It promises to be amusing, fascinating, and interesting, according to the committee.

Sabby Lewis' band, which played at the recent I. F. C. sponsored All-Tech Formal, and is currently sending at the Tic Toc, popular (Continued on Page 2)

Braendle And Ilfeld Win Bridge Tourney

Twelve Teams Enter Championship Contest

With only the Institute's best bridge players turning out for the second Championship Bridge tournament, held last Saturday in Litchfield Lounge, the necessity for holding the contest over a two day period was eliminated. Coming out ahead of twelve other teams were Richard O. Braendle, '44, and Robert M. Ilfeld, '45, who took the first prize of \$3.00 each.

Runners-up in the tourney were Peter J. De George, '45, and Paul Slepian, '44. Each of them was awarded \$1.00. In third place was the team of John Garrison and William Cotterall, both graduate students.

Thirty-two hands were played, and the Howell Movement was employed. The last championship tourney was won by John R. Frey, '46, and Frank H. Wilson, '43, both gone from the Institute.

The Bridge Club now boasts a membership of over 100 members, and 300 persons have played in the weekly practice tournaments held each Saturday. These contests will continue to be held on Saturdays, beginning at 1:45 P.M., in the Litchfield Lounge.

Senior House Dinner To Be Held Next Tuesday Night

The annual Senior House Dinner, which is sponsored by the Senior House Committee, is to be held next Tuesday, May 11, at 6:30 P.M. in the Hotel Statler.

The committee has issued an invitation to all dormitory resident members of the Class of 1944 before the evacuation to attend the dinner. There will be no charge for the meal.

To Head 1945

James A. Leonard

'46 Men To Vie For Walker Posts Starting Monday

Six Positions To Be Filled By Candidates; Will Meet In Office

Competition for positions on the Walker Memorial Committee is scheduled to start next Monday, May 10. This competition is open to all members of the class of 1946 and will result in six members of the freshman class becoming members of the committee.

The competition will start with a general meeting of all the candidates on Monday in the committee office and is to continue throughout the rest of the week. At the end of that time the six men to become members will be chosen and their names announced the following Monday, May 17. The freshmen will then immediately take office and begin their service. The competition will consist of spending time in the office learning general procedure and functions of the committee. At the end of the week each freshman will be required to submit a written report on "A Plan for the Better Functioning of Activities at Tech Through the War." Selection of the candidates will be made on the basis of initiative and knowledge shown in these reports and general interest displayed around the office.

Functions

The Walker Memorial Committee is a sub-committee of the Institute Committee and governs all of the undergraduate activities at the Institute. It assigns rooms in Walker for use by various groups, has charge of all meetings, publicity (Continued on Page 2)

5:15 Club Room Turned Over To Service Men

"In the future the entire facilities of the 5:15 Club Room will be turned over to the use of the members of the Armed Services stationed at Technology," it was announced last night by Henry D. Lawton, Jr., '44, President of the club.

He said further that the move had been contemplated for some time and with the number of service men increasing so rapidly the club members thought the move should be put through. The Club Room is in the basement of Walker Memorial and contains, among other things, a new combination radio and phonograph with an adequate supply of records.

Technical Books Will Be On Display May 10 Through 29

An exhibition of "Technical Books for a Nation at War", arranged by the American Institute of Graphic Arts, will be shown at Technology from May 10 to May 29. There are 100 books in the exhibition, covering all technical fields, and limited to books manufactured and designed in the United States and Canada from 1938 to date.

Such considerations as the relationship between content and typographic design, and the attractiveness and suitability of physical qualities governed the selection of the books. The Institute has shown many exhibits in the past arranged by the American Institute of Graphic Arts, but this is the first time that organization, which aims to raise the standards in the book publishing industry, has undertaken an exhibit in a field particularly interesting to the staff and students of Technology.

Results Of T.C.A. War Poll Released

Results of the student opinion poll recently conducted by the T.C.A. were announced yesterday by William J. Riordan, '46, Director of the Inter-Race Commission.

The poll covered questions of present and postwar relief abroad, postwar settlements, and relations between countries. The results showed that students, on the average, favor a post war union with real powers and tend to take a very lenient attitude toward helping other nations both now and after the war. Few students had much knowledge of Russia or England's Beveridge Plan, but 311 of the 363 were in favor of including representatives of Japan, Italy, and Germany at the post war conferences on peace settlements. The poll was conducted among 363 freshmen, Sophomores, and Graduate students. The distribution was made through the Institute's Department of English and History. The poll is a part of a nation wide poll of student opinion being conducted by the National Intercollegiate Christian Council. The results were sent in to this group to aid in their tabulations.

Class Presidents Chosen With Other Officers Wed; J. P. Comm. Also Elected

Permanent President

George A. Schutte

David Trageser Awarded Q-Club Athletic Trophy

Brayton And Gaillard Get Honorable Mention At Banquet Wednesday

David A. Trageser, '46, recently elected president of the Class of 1946, was awarded the Quadrangle Club Award for "Inspiration and Leadership in Athletics", at the Q Club banquet held at 6:30 P.M. last Wednesday night, at the Smith House.

Trageser was captain of the freshman football team, and is on the freshman track squad. James F. Brayton, '46, acting captain of the Lacrosse team, and David Gaillard, '46, captain of the freshman wrestling team, who was also a Nautical Association coxswain and on the Freshman Council, were given honorable mention.

Last year, James A. Leonard, '45, received the award, and Lester R. Ackerman, '45, received honorable mention.

Russian Clothing Drive To Continue

Because the response during the first two weeks of the drive for warm clothes to be sent to Russia has been such a success, the T.C.A. will continue to collect such wearing apparel until after examinations, it was announced this week by Robert B. Hildebrand, '46, who is directing the drive.

Where Oh Where Has Our Little Keg Gone Bewail Poor Phi Gams

Where, oh where has our little keg gone, was the theme song of the Phi Gams this week, after a Tuesday morning check-up of their empties revealed that some unscrupulous individual or group of unscrupulous individuals, or unscrupulous group of individuals, had stolen, borrowed, or in some fashion mysteriously appropriated one of the kegs of brew the Phi Gams had on hand for their Cowboy Party last Saturday night. Nor did the keg reappear after a thorough search of the house.

So, the Phi Gams instigated a high pressure search for the culprit. Apparently every fraternity was suspected, for starting with the Chi Phis, every house on campus re-

Tyree, Mackintosh, Carmody Selected As '44 Marshals

George A. Schutte was elected the permanent President of the class of '44 in the class elections held last Wednesday, while James A. Leonard, and David A. Trageser, were elected heads of the classes of '45 and '46 respectively. Schutte has been the president of '44 for the past two years, while Leonard was Institute Committee Representative of '45 last year.

William B. Scott, was elected, unopposed, to the position of Permanent Secretary of the Class of 1944, while Lewis Tyree, Jr., Arnold Mackintosh, Jr., and Thomas W. Carmody were elected to serve as Class Marshals. All the officers of class of '44 are members of the advanced R.O.T.C.

Class of 1945

John L. Hull, who was vice-president of the Class of 1945 last year, was runner-up for president again this year, and will hold the position of vice-president again. Gerome Gordon was elected the Secretary-Treasurer of the class of '45, while Thor K. Stromsted, and Lester R. (Continued on Page 2)

Technique Price Goes Up May 14

To Appear In August; Probably Last Issue

The special price of \$4.50 for the 1944 Technique will expire next Friday, May 14. After that the cost of the issue will be \$5.00 to both cash sales and pledge redeemers. At publication time the prize will again be raised to \$5.50.

The yearbook is scheduled to appear in August and will be mailed, post paid, to those who may have left the Institute by then. It is important that the editors are given an idea of how many copies will be sold as quickly as possible as shortages necessitate early commitment. Several hundred copies have already been sold, according to William B. Scott, '44, General Manager of the publication.

Carlton J. Rohrer, '45, Editor-in-Chief, reports that write ups are being prepared of activities, sports, fraternities, etc., and that feature articles and biographies are being done.

Still no response, so the Phi Gams were rather disconsolate over their future when last heard from. However, they may now set their (Continued on Page 2)

EDUCATION FOR WAR AND PEACE

Education, that is the gradual process by which American youth is nurtured and developed until mature reflection supercedes earlier fragmentary understanding, has been thrust into the limelight throughout the nation by the turn of current events. The major factor actuating these discussions has of course been the effect of requisite wartime juxtapositions.

The war has reemphasized the impelling need for trained scientists who vend as their chief commodity the ability to think and talk in terms of contemporary scientific achievements, to the immediate exclusion of all things else. The Army fully appreciates these circumstances and has organized the Army Specialized Training Program to train men in the basic elements of engineering. Industry as well, acutely disturbed at the lack of technically trained men, has lobbied consistently for some means of obtaining their sorely needed engineers. The great demand for scientists and engineers has given rise to considerable discussion by less far seeing persons concerning the abandonment of the liberal-arts curriculum.

Although much disputation on the subject must be accepted as being quasi-serious, leading liberal arts supporters have found it advisable to reaffirm the bases of the liberal education. One of the more eloquent presentations was made by Dr. James Bryant Conant, himself a scientist, who recently addressed symbolically enough, a joint meeting of Sigma Xi and Phi Beta Kappa. An article based on this speech appeared in this month's *Technology Review* in which Dr. Conant significantly points out that a society grounded wholly on science cannot continue to exist as a free society. Educators for the most part are inclined to agree with the President of Harvard that liberal arts are important. War time engineers should not distort the over all picture of American educators.

Less concerned with the struggle between liberal arts and engineering and perhaps more to the point as far as ex-students whose education has been suspended by the call to the armed services are concerned is the proposal of Congressman Jerry Voorhis made in Congress. Representative Voorhis, dynamic California congressman, has submitted a proposal which would grant \$500 a year to aid students in continuing their schooling after the war. This governmental aid could be awarded to the same person for as often as three years in succession and would become available to any person who has served six months or more in the armed forces, according to H.R. 757, the bill Congressman Voorhis proposed. So far, Representative Voorhis' bill has been the first to touch on the problem of interrupted schooling.

From the standpoint of the student drafted from his books, speedy passage of the bill will answer many of the questions with which he has been faced. It answers perhaps his greatest regret for leaving school. Representative Voorhis argues from the "justice of such a measure," but one thing which must be learned from experiences occurring again and again is that such a measure is more than just, it is imperative. Extensions of such a plan are of the utmost necessity and must be included in any post-war rebuilding blueprint which pretends to be far-seeing.

The war then has focused attention upon the great need for trained engineers and scientists in order to carry America forward. In the postwar period we may look forward to an augmented popularity for the technical schools, but at the same time the development of the liberal education should not be allowed to fall into disuse. As a means to both ends, Representative Voorhis' bill provides an excellent starting point. The students of this and subsequent generations may look forward to even more far-reaching developments. Universal education should be the goal.

Aircraft Identification Cards On Exhibition In Building 10

Technology's airplane experts now have a chance to test their skill in identifying planes in the new exhibit in the Lobby in Building 10. This exhibit consists of 60 of Major Hazard's Aircraft Identification Cards and is presented through the courtesy of the J. L. Hammett Co., of Cambridge, the manufacturers.

Each card has a side view, front view, and bottom view of a plane, in silhouette, with the WEFT system of aircraft identification, describing the wings, engine, fuselage, tail, undercarriage, rudder, and nose of the plane. The name is covered, and a key is provided in the lower right hand corner of each board containing 7 or 8 cards, so that the correct names can be ascertained.

Planes of Major Countries

The airplanes include U. S. Army transports, trainers, fighters, heavy, medium, and light bombers, U. S. Navy fighters, light and patrol bombers, and scouting planes. There are also British, German, Japanese, and Italian fighters and bombers.

The famed Nagoya Zero and the Mitsubishi 96 and Mitsubishi 97 are among the Japanese planes. The German Messerschmitt 109E and Messerschmitt 110, are shown, and the vicious Focke-Wulf 190, as well as many dive and heavy bombers.

British Planes

The famous British Hurricane and Spitfire are there, as well as several British bombers, including the Halifax, Wellington, and Lancaster bombers.

Among the United States airplanes is the famous Flying Fortress which has been used with such success in bombing raids over Germany. The U. S. pursuit ships, the P-38 Lightning, which has proved itself to be the best in combating Zeros, the P-39C Bell Airacobra, the P-40E Warhawk, the P-47 Thunderbolt, and the P-51 Mustang, are there.

The PBV5 Catalina Flying Boat ("Cat"), which was declared obsolete several years ago and has since proved itself invaluable to the Navy as a patrol bomber and in many other capacities, is among the U. S. Navy planes shown.

Walker Mem. Comm.

(Continued from Page 1)

campaigns, and social functions at Technology, authorizes the use of Institute equipment such as blackboards, bulletin boards, and tables in the halls, runs the point system, and keeps records of all activities, their officers and constitutions.

The committee normally consists of six Sophomores, three Juniors and one Senior as Chairman. The Chairman is automatically a member of the Institute Committee. Each year the candidates for the higher positions are chosen from those already connected with the organization. This year six freshmen are being taken instead of six Sophomores. The Walker Memorial Committee will probably be the last undergraduate activity to cease functioning if a general stoppage is forced by war conditions.

Student Summer Conference Begins '43 Season May 1

Camp O-At-Ka To Be Scene Of Fifty-Eighth Annual Council In Maine

The fifty-eighth Annual Student Summer Conference, held each year at Camp O-At-Ka, East Sebago, Maine, will begin its 1943 session on May 31 and continue until June 7. Allen C. Crocker, '46, Director of Conferences for the T.C.A. is in charge of the delegation from Technology to attend the camp.

Among the leaders who will direct the camp's activities are Theodore P. Ferris, Rector, Trinity Church, Boston; Morgan Noyes, Minister, from Montclair, N. J., and Russell Ames Cook, Director of the Portland Symphony Orchestra, who will be in charge of the music at the conference. Mrs. Wallace M. Ross, wife of the General Secretary of the T.C.A., is to be the conference accompanist.

The activities of the conference are to include discussion groups, lectures, athletics, dancing and other forms of recreation. The cost for each delegate is \$13.00 and a registration fee of \$6.00. However, foreign students are guests of the conference, and are exempt from paying the registration fee.

Last year eighteen persons from the Institute attended the camp, 10 being Americans and the remaining eight being foreign students. For the first time in the history of the T.C.A. one of the delegates was a co-ed, Miss Adelaide Toombs, Graduate.

Crocker expects to call a meeting in the near future of those students who attended the conference last year and intend to do so again this session. Other persons interested in going to the conference may obtain further information at the T.C.A. Office.

Elections

(Continued from Page 1)

Ackerman will represent that class on the Institute Committee.

Charles F. Street was chosen as the Vice-President of the class of '46, and Gerald L. MacKinnon, Jr., was selected as the Secretary-Treasurer of the class. James B. Hoaglund, and Nicholas V. Mumford, Jr., will represent the class on the Institute Committee.

J. P. Committee

The Junior Prom Committee of the class of '45, is to be made up of Robert L. Hunter, King Cayce, L. William Spear, Kenneth G. Scheid, and Carroll W. Boyce.

The Beaver Key Society will take in John Hull, James Leonard, Lester Ackerman, Robert L. Hunter, Leavitt J. Pope, Thor K. Stromsted, Potter Hanson, and Courtland F. Ames who were chosen by the Sophomore Class in the general election.

All these elections were approved at a special meeting of the Institute Committee held for the purpose yesterday afternoon in Litchfield Lounge.

another meeting of the Institute Committee next Thursday afternoon.

minds at ease. The Tech has heard from a usually reliable source that the Mystery of the Disappearing Keg will come to an end tomorrow night, when the keg will be found at the Theta Chi House. No, the Theta Chis didn't do it.

MEET TOM!

Tom is an expeditor for a New Jersey war plant. All day long, he contacts suppliers and subcontractors by Long Distance.

"Are the castings ready? . . . OK New Orleans."

"Hello Detroit, have those parts been shipped?"

"Have you received the brass yet, Atlanta?"

Urgent war calls like Tom's are crowding Long Distance lines, 'round the clock. And the load is increasing daily. Won't you help us give war calls the right of way by observing these simple rules.

1. Make only necessary Long Distance calls.
2. If you must call, plan your conversation.
3. When you find the circuit busy, cancel your call if possible.

Thank you for your help.

WAR CALLS COME FIRST!

Tufts and Boston College Lose To Beavers In Triangular Meet; New England Games Are Saturday

23 men from the Beaver track squad will take part in the Annual New England Track and Field Championships to be held on Alumni Field at Boston College tomorrow according to an announcement by Oscar Hedlund, track mentor.

According to coach Hedlund Rhode Island State looms as the probable winner by virtue of their strong well balanced aggregation. The battle for second place laurels will be between Maine and New Hampshire with Boston College as a possible threat.

The chances of the Eagles for a high place hinge largely on the efforts of Herbie McKenley, fleet dash man who hails from the West Indies, and who took three firsts in a triangular meet last weekend on Briggs Field. Bob Morcom of New Hampshire will lead the efforts of the Wildcat team since he is certain to take the pole vault, high jump and broad jump events. Maine is particularly strong in the two mile, hurdles and pole vault events with Dodge as a strong contender for hammer throw honors.

Lacrossemen Lose To Andover Team

The Junior Varsity Lacrosse team lost to Andover 5 to 3 last Saturday at Andover. While the penalties were high against the home team, their high scorer Heckel more than made up for that by scoring all five goals himself. He put three shots in to the net in the first period, 1 in the second, and 1 in the fourth period.

The Jayvees scored by way of Mulhalin, Brayton, and Chapin in the first, third, and fourth periods respectively.

The line-up—
Andover — Lenon, G; Mohran, Townsend Pt; Stevens Cp; Reed Id; Heidner, Peirson 2d; Zierich, Kelly C; Reisler, Parker 2a; Robinson, Metcalf, Horner 1a; Meryman, Reisler, Hancke OH; Heckel IH.
M.I.T. J.V. — Jevon G; Cooke, Mason Pt; Barnes Cp; Thompson Id; Phillips, Mulhalin 2d; Leonard, Bronson C; Hildebrandt, Housent, Momose 2a; Brayton 1a; Homes OH; Chapin IH.

Box Score				
	1st Period	2nd	3rd	4th
Andover	3	1	0	1
M.I.T.	1	0	1	1

Tars To Sail For Morss Trophy On Charles May 8, 9

The climax of the spring dinghy racing season will come this weekend on the Charles River when the Henry A. Morss Memorial Trophy regatta which is the I.C.Y.R.A. official National Championship race will be held under the sponsorship of the Nautical Association. The favorites are Tech and Harvard with the Crimson holding a slight edge.

Yale is unable to enter because of conflicting examinations, so Coast Guard, if its ace and commodore-elect, Charles Daniel, can pull the same superb performance as Lennie Romagna did a year ago in almost single-handedly winning the title for Brown, is the only other team rated a chance in a good war-time field which it is anticipated will include Boston University, Brown, Cornell, Dartmouth, Haverford, New Hampshire, Northeastern, Pennsylvania, Princeton, Stevens, Tufts, and Williams in addition to the trio already named. Unfortunately Holy Cross, which sprang a surprise on the Thames last weekend to "steal" the Coast Guard Bowl while the more favored Crimson, Blue, Engineer, and Cadet crews were waging what they conceived was a private four-sided war for the New England, is only an Associate Member of I.C.Y.R.A. and hence ineligible for the Morss Trophy national championship. However, a week hence, in the Boston Dinghy Club Cup Regatta, an open event, the able Crusader team will have an opportunity to prove its mettle again against the winner of the Morss Bowl.

Harvard and Tech appear to be the class of the 1943 championships and it may well be that the Crimson and Beavers will turn their quest of the title held by Brown into a sort of dual meet. What edge exists—and these two outfits have been at it "hot and heavy" for a full year with little to choose between them—belongs to the Crimson on the basis of its performance since Brown took the Morss Trophy to the shores of the Seekonk, last May 10. Just a week later, Harvard began collecting dinghy trophies and in compiling the best record of any team in the I.C.Y.R.A. during the 1942-43 year, its triumphs include the Boston Dinghy Club Cup, Brown Summer Invitation, Danmark Trophy, Oberg Trophy (twice), Schell Trophy, Northeastern Team-Race Regatta, and Coast Guard's Quadrangular Meet. Yet Tech has almost as many major victories with triumphs in the Fowle Trophy, Coast Guard Pentagonal Meet, Jack Wood Trophy, Sharpe Trophy, and a half-interest with Harvard in last Fall's Greater Boston championships. In three meets this Spring, Tech has trailed Harvard each time, but the margins have been exceedingly small—nine points in the Owen Trophy with Harvard second and Tech fourth, three in the Oberg Trophy

(Continued on Page 4)

Field Events Prove Margin Of Victory In Meet On Briggs

Coming through strong in the field events, after holding but a slim margin during the cinder competition, the Beaver trackmen last Saturday copped their second dual meet of the season when they amassed a total of 73 points against 47 1/3 for Boston College and 44 2/3 for Tufts. Running in cold winds on Briggs Field the Tech team got only one first in the cinder events when Bud Bryant came home in front in the 880. Herbie McKenley of the Eagles dominated the individual scoring as he took the 100 and 220 yard dashes and the 440 yard run for a total of 15 points.

Close behind McKenley for individual honors were Ted Sparrow and Roy Phillips, both of the Jumbo team. Ted registered a double by taking both the 120 yard low and the 220 yard high hurdles, as well as sharing in a three way deadlock for first in the high jump. Phillips reeled off a terrific 4:39.7 mile in a stiff gale and after a five minute rest came back to cop the two mile event. The Tech runners however piled up enough points in the track events to hold a slight edge going in to the field competition. The score stood at that time Tech 32, Tufts 29 and Boston College 27.

Bob Hildebrand, Ab Fletcher, and Gene Ashley got a triple tie in the pole vault, while Hugh Pastoriza and George Upton took first and second in the javelin to give Tech the advantage in the field events. First and second in the discus by Jim Artley and Mel Jester, and Dick Wareham's victory in the hammer throw sewed up the meet for the Beavers to maintain for them a perfect record.

Meeting Of ICYRA Planned Tomorrow

The 16th annual meeting of the I.C.Y.R.A. will be held Saturday evening, May 8th at 8:45 P.M. in conjunction with the National Dinghy Championships to be held at Tech this weekend. The exact meeting place will be posted on the bulletin board in the Nautical Association Pavilion.

The business to be discussed includes committee reports, elections, and the discussion of the McMillan Cup race, a proposed Star Class Championship and any other new or old business on hand.

Frosh Trackmen Win 78½-29½ Over Milton Academy

Take First In All But Dash And Low Hurdles; Meet Dummer On 12th

The freshman track team drubbed Milton Academy 78½ to 29½ at Milton last Wednesday. The score differed from Coach Oscar Hedlund's predictions by 1½ points. The freshmen annexed all but two first places, the 100 yard dash and the 120 yard low hurdles, and placed two men in every event except the shot put and 220 yard dash. Goldie took the 880 and the 220, Donohue won the broad jump and 120 yard low hurdles, while Artley showed all around skill winning the shot put and taking second place in the javelin and the 100 yard dash.

This is the second overwhelming victory for the freshmen team, the first being a victory over Moses Brown School at Providence. Next Wednesday the team meets Governor Dummer at Briggs Field. The summary follows:

- 100-yard dash — Won by Toppan (M); second, Artley (MIT); third, Rosser (MIT). Time 10.8 seconds.
- 220-yard dash — Won by Goldie (MIT); second, Toppan (M); third, Marble (M). Time 24.1 seconds.
- 440-yard run—Won by Kay (MIT); second, Waltzer, (MIT); third, Shepard (MIT). Time 57 seconds.
- 880-yard run — Won by Goldie (MIT); second, Moulton (MIT); third, Goodhue (M). Time 2:07.2.
- 1 mile—Won by Kirchner (MIT); second, Mander (M); third, Poorman (MIT). Time 4:49.8.
- 120-yard low hurdle—Won by Carey (M); second, Donohue (MIT); third, Crawford (MIT). Time 15.1 seconds.
- 120-yard high hurdle — Won by Donohue (MIT); second, Poorman (MIT); third, Carey (M). Time 17.3 seconds.
- Pole vault—Ties for first between Freeman and Crawford (M); second, Pasfield (MIT); tie for third between Donohue (MIT) and Gratwick (M). Height 9 feet 6 inches.
- Broad jump — Won by Donohue (MIT) second, Thayer (M); third,

B. K. Track Meet To Be Run Sunday

Phi Gamma Delta Wins Volley Ball Tournament

Beaver Key Track
The big event this Sunday on the Beaver Key sports schedule is the track meet at Briggs Field at 10 A.M. The events are: 1000 yard dash, 888 yard relay (4-220 yard dashes), 880 medley relay (2-110's, 1-220, 1-440), shot put, high jump, broad jump. Coach Hedlund will be the final judge of eligibility.

Points will be awarded on a 5, 4, 3, 2, 1 basis, (10, 8, 6, 4, 2 for relays) and will count toward the Beaver Key cup. Former Dorm men may participate on a Dorm squad. Important—since Barbour Field House is closed on Sundays facilities will not be available for dressing. All contestants should report directly to Briggs at 9:30 A.M. in their clothes.

Softball Semi-finals
The Beaver Key softball tournament has reached the semi-final round. Games to decide the four teams for the round-robin will be held this weekend. Last week the Student House defeated D.K.E. 19-6, S.A.E. 14-S.A.M. 1, Dorms vs. D.U. 14-3, Sigma Chi beat Lambda Chi Alpha 8-4, Kappa Sigma defeated Theta Delta Chi 10 to 3, and Phi Beta Epsilon trounced Phi Gamma Delta 10 to 5. Delta Tau Delta and Sigma Nu also reached the semi-finals.

Phi Gamma Delta Wins
The ties for first and third places in the Beaver Key Volleyball tournament have finally been decided, Phi Gamma Delta winning first place by defeating Phi Beta Epsilon in 2 straight games. S.A.E. took third place by taking two games out of three from Sigma Chi.

- Rosser (MIT). Distance 19 feet ¾ inches.
- Javelin—Won by Upton (MIT); second, Artley (MIT); third, Freeman (M). Distance 147 feet 6½ inches.
- Shotput—Won by Artley (MIT); second, Freeman (M) third, Gratwick (M). Distance 41 feet ¾ inches.

ASK THE GENERAL IN AFRICA

"OH, FOR AN ICE-COLD COCA-COLA"

"I'M WRITING HOME ABOUT HOW I WISH I COULD GO DOWN TO THE CORNER FOR A COKE WITH THE GANG"

"In his letter home, even a general in Africa recalled happy moments with ice-cold Coca-Cola. There's something about Coca-Cola. Ever notice how you associate it with happy moments? There's that delicious taste you don't find this side of Coca-Cola, itself. It's a chummy drink that people like right-out-of-the-bottle. Yes siree, the only thing like Coca-Cola is Coca-Cola, itself."

Crews Head South For Childs' Meet

Only trip of their curtailed schedule will come this weekend for the Tech varsity and freshman heavy crews when they travel to Annapolis, Md. to compete for the Childs Cup against Navy, Columbia, and Pennsylvania on the Severn River. The Beaver crews have yet to taste victory having been edged out by Harvard in their first race of the season.

The members of the boats are as follows:

Varsity Heavy Boat

8, Flowers (Capt.); 7, Tyberghein; 6, Kalb; 5, Taft; 4, Russell; 3, Baker; 2, Leader; 1, Hield; Cox, Dodge.

Freshman Heavy Boat

8, Loeb, 7, Hoaglund; 6, Street (Capt.); 5, Cook; 4, Clare; 3, Stephenson; 2, Thorkilsen; 1, Von Hemert; Cox, Howell.

Dinghies

(Continued from Page 1)

with a protest decision giving Harvard the verdict, and three, again, in the Coast Guard Bowl as both teams minus a regular skipper finished third and fourth respectively.

Harvard will be back at full strength again this week with the I.C.Y.R.A.'s president and No. 1 skipper, Dave Noyes, ready to lead the Crimson and carry out an old tradition that the Association's chief executive always turns in a grand performance in the Morris Bowl. If Noyes is in top form and the Nationals will practically be his swan song as the Crimson commodore and crew captain graduates next month, Harvard will be hard to beat.

Like Harvard, Tech will be back at full strength on Saturday and Sunday with Sam Parkinson again at a tiller, and again, as with the Crimson, Tech's fate may depend on the choice of the right skippers to sail. Parkinson has sailed consistently all Spring, although he lacks Noyes' brilliance, usually reliable Harold Boericke, who holds the highest I.C.Y.R.A. ranking on the Tech team, like Harvard's Burton was way off-form in the Coast Guard, and Ralph Evans, Tech's No. 3 man, has been sailing exceedingly well all Spring.

Last weekend the Tech tars took a fourth place in the Annual regatta for the Coast Guard Alumni Bowl sailed on the Thames River at New London. Holy Cross, definitely a dark horse, won the meet with a total of 135½ points, followed by Yale with 134, Harvard with 130 and Tech with 127. Ralph Evans and Sam Parkinson represented the Beavers at the regatta which served as a warmup for this weekend national championships.

Infirmiry List

In the Homberg Infirmiry last night were:

Professor Charles E. Locke
Marshall R. Rosenberg, '44
Cemal A. Uluant, '44

In the Emma Rogers Room was:
Richard W. Barry, '44

Confined to the Emergency Ward were:

Alfred R. Lichten, '44
E. Holmes
H. Cornell

CALENDAR

SATURDAY, MAY 8

1:45 P.M. Bridge Tourney—Litchfield Lounge.

MONDAY, MAY 10

5:00 P.M. Walker Memorial Committee Freshmen Meeting — Walker Memorial Committee Office.

5:00 P.M. Dormitory Committee Meeting — Litchfield Lounge.

TUESDAY, MAY 11

Gridiron Initiates 20 New Members

Twenty new members were initiated by the Gridiron Society, honorary publications organization, last night at a banquet held at 7:00 P.M. at the Hotel Vendome. The initiates put on a short skit about the attempts of the four technology publications to get the single freshman of the class of 19xx on their staffs.

The initiates were chosen for prospective membership in the society from the Junior Boards of the four Institute publications, five from each. Their names, and the publications they represent are:

The Tech: Leslie M. Brindis, '45; H. Bruce Fabens, '45; Milton A. Wideltz, '45; Arnold M. Singer, '45, and Donley J. Parr, Jr., '45.

Voo Doo: F. Maxwell Griffith, '44; Kenneth G. Scheid, '45; Cortland F. Ames, '45; William E. Katz, '45; and J. Thomas Cooper, '45.

Technique: Milo V. Wilson, '45; Theodore Davis, '45; Frank J. Iskra, '45; John A. Baring, '45, and Potter Hanson, '45.

T.E.N.: Carroll W. Boyce, '45; Maxcy D. Daggett, Jr., '44; Thornton E. Smith, '45; Carl E. Dengler, '45; and Roger D. Smith, '45.

Tau Beta Pi Initiates Twelve New Members

The Technology chapter of Tau Beta Pi, national honorary engineering fraternity, held their formal initiation of twelve new members last night at a dinner at the Miles Standish Hotel. The president of the national fraternity spoke at the affair.

The new members are John E. Harsch, Warren E. Matthews, Holton E. Harris, William H. Redlien, Robert B. Pietsch, Lee C. Eagleton, Justin M. Margolskee, John N. Childs, Jr., John G. Floden, George E. Emberton, Jr., Carl R. Soderberg, Jr., and Robert Oppenlander, Jr. All the initiates except Harsch, '43, are of the Class of 1944. One of the requisites was that they be in the upper 8th of the class.
